

# Hello World!

## Welcome to BornHack 2021

# COVID-19 – Stay safe!

**Bornhack takes place during the ongoing COVID-19 virus. Like last year we take several precautions:**

- Reduced number of people in the speakers tent
- More cleaning (by pros)
- Remember to practice social distancing, especially in food area, bar etc.
- Wash your hands, and use hand sanitiser frequently

**It is very important to follow these guidelines and the general directions of the Danish govt.**

## Protect yourself and others

COVID-19 typically spreads from one person to another in places with many people present via direct physical contact (shaking hands, hugging, kissing, etc.) and via droplets when an infected person coughs or sneezes. Take care of your health and protect others by doing the following

Wash your hands frequently  
or sanitize your hands with  
an alcohol-based hand rub

Cough or sneeze into your  
sleeve, not your hands

Limit physical contact  
– avoid handshakes, refuse  
kisses on the cheek and  
avoid hugging

Be diligent with cleaning

Keep your distance and ask  
others to be considerate
