BornHack 5 Alive!

Build-up

Thanks to everyone who showed up early to help with the buildup!

- We are not done, but most stuff works
- Stuff that needs doing is put on the whiteboard by the infodesk
- The venue will evolve during the week and this is very much intended! :-)

COVID-19 – Stay safe!

Bornhack takes place despite the COVID-19 virus, however, we take several precautions:

- Reduced number of participants this year
- Reduced number of people in the speakers tent
- More cleaning (by pros)
- Please spread out on the camping areas
- Remember to practice social distancing, especially in food area, bar etc.
- Wash your hands and use hand sanitiser frequently
- Wear a mask, especially if leaving the venue

It is very important to follow these guidelines and the general directions of the Danish govt.

Protect yourself and others

COVID-19 typically spreads from one person to another in places with many people present via direct physical contact (shaking hands, hugging, kissing, etc.) and via droplets when an infected person coughs or sneezes. Take care of your health and protect others by doing the following

Wash your hands frequently or sanitize your hands with an alcohol-based hand rub

Cough or sneeze into your sleeve, not your hands

Limit physical contact
- avoid handshakes, refuse kisses on the cheek and avoid hugging

Be diligent with cleaning

Keep your distance and ask others to be considerate

COVID-19 – Improve?

Do you have any idea on how to use technology for preventing contagion?

- Badge-hacking
- Easy-to-make face shields
- <your idea here>

Show your fellow participants your great ideas!
